NOTTINGHAMSHIRE ASA
COUNTY CHAMPIONSHIPS 2023
Relay Championship Entry Information

Relay Teams Entry on SportSystems Entry Manager

Please note that due to some of the current limitations of the SportSystems software, Nottinghamshire A.S.A. need to make you as a club coordinator aware of a few things. Please read this information carefully before completing your clubs team entry via the Entry Manager.

A and B teams

If you are entering A and B teams, when entering your team please change the team name to have either “A” or “B” at the end. Please note that the entry administrators may change the format of this slightly after you submit your entry to them.

Mixed Teams

When entering a mixed team, please change the name to have the word “Mixed” at the end of this. When you save your mixed team, this will also appear in the “Male” team screen but when selected will not show the event you have entered them for, this is why you will need to put the word “Mixed” at the end of your team so you can identify them. (Male teams will also display in the mixed team screen).

Age Groups

On the SportSystems Entry Manager screens, the age groups will show as 09/10, 12, 14, 16 and 17/OV. These age groups do not reflect fully what is on the schedule. Please use the following table to match up the SportSystems age groups with the actual age groups:

Actual Age Group	SportSystems Age Group
09/10 years	09/10
12 and Under	12
14 and Under	14
16 and Under	16
Open	17/OV
